Foreign and Local is to be found in the Columns of The SENTINEL, the only paper in the city with leased wire service.

The Fort Wayne Sentinel.

The Messenger

[illegible]

ESTABLISHED 1833. MONDAY, JUNE 28, 1897. PRICE TWO CENTS.

A jaunty poster girl adorns the cover of the July issue of "Fashions." The contents of the number present a rare combination of pictorial beauty, fine literary tone, and succinct descriptions of the fashions prevailing in the American metropolis and in those standards of taste in wearing apparel, London, Paris and Vienna. The designs are especially chic, and the contents, as always, the original work of original writers.

The opening article is a particularly valuable one by that matriarch among American women, Mrs. Mary A. Livermore, on "The Solidarity of our Social Life." Maria Louise Pool contributes a bit of graceful fiction. An article full of helpful suggestions is "Rest, and How to Take it Most Beneficially." Mary Gay Humphreys, Helen Marshall North, and other well known writers deal with topics of general interest.

Taken column for column it may be said that "Fashions" has no equal in the field it purposes to cover.

For Sale or Trade.

Farms of all sizes for trade on city property. Also city property in all parts of the city for sale or trade. Some elegant lots, very large, east of Taylor street bridge, very cheap. Several other great bargains.
Money to loan on mortgage security.
LOUIS F. CURDES,
Rooms 8 and 9 Pixley-Long Block.

...AN HOUR OF RECREATION...

Will do more toward brightening up dull minds and smoothing out irritable tempers than all the medicine in the world. There is no form of recreation more profitable, healthful and enjoyable than music—of any sort. It brings refinement and polish in its wake. It will keep the boys home night, and make the girls cheerful and contented.

You have the desire for music—we have the desire to get rid of it—it takes two to make a bargain. We will wait for your money, or take it all at once.

SEVEN MEN ARE DEAD.

Story of the Wabash Wreck in Missouri.

The Accident Was Caused by a Sudden Rise in a Little Stream—Victims Taken to St. Louis.

KANSAS CITY, Mo., June 28.—Seven coffins were forwarded to St. Louis Sunday from Missouri City. They contained the remains of victims of Saturday's night's wreck on the Wabash road. A correct list of the dead is as follows:

F. W. Brink, postal clerk, St. Louis.

Charles P. Greasley, brakeman, St. Louis.

Edward Grindrod, baggagemaster, St. Louis.

W. S. Mills, postal clerk, St. Louis.

O. M. Smith, postal clerk, St. Louis.

Gustave A. Smith, postal clerk, St. Louis.

Charles Winters, postal clerk. St. Louis.

CONDUCTOR COPELAND STILL ALIVE.

The conductor of the train, G. C. Copeland, of St. Louis, who was reported among the dead, is still alive. He was removed to the railroad hospital at Moberly. With a fractured skull and several broken ribs, he lingers between life and death, but the surgeons express a hope that he will recover. Conductor Copeland was supposed to be dead when taken from the wreck, and his body, with a handkerchief drawn over the face, was ranged in a row with the seven corpses. A few minutes later some one observed a sign of life and he was quickly transferred to a stretcher and given every possible attention.

Of the nineteen others injured, not one is in a critical condition. Among them all there is not one broken limb, though many of them were thrown three-quarters of the length of the coaches in which they were riding.

All indications are that death came to at least four of the five unfortunate mail clerks almost instantly. Their car pitched end first through the break in the trestle, and they must have been drowned in the raging stream while in an unconscious condition. The remains of the four were carried from the wreck and were recovered some distance down the stream. There were signs of life in the body of the fifth mail clerk, when rescuers dragged him from the wreck, but he died in a few minutes after on the bank of the creek.

It was feared there were more bodies in the stream, but a careful search proved that the fatalities were limited to those already named. Today but a small stream was flowing beneath the trestle where the wreck occurred. In ordinary weather it is a dry creek bed. The storm of Saturday, which was almost a cloudburst, had swollen the little stream to torrential proportions. The flood carried away a wagon bridge a short distance above the Wabash trestle. The wreck of this bridge was hurled down upon the railroad trestle and carried away a row of wooden supports in the center.

A neighboring farmer noticed the perilous condition of the trestle, and resolved to flag the passenger train, which he knew to be about due. For nearly an hour he stood in the terrible downpour of rain, only to fail at last in his good intentions, for when the Wabash company's New York fast mail came thundering on, the storm was almost blinding, and the engineer evidently could not see the signal which the farmer so frantically waved across the track.

The locomotive struck the trestle. A moment later the disaster was presented in all its horrors. The engine passed over, but the tender went through, with the tumbling bridge. The baggage car toppled off on its side, while the mail car, which followed, pitched into the stream end first. Every life in this car was lost. The smoker, next behind, followed. It was in this car that Conductor Copeland was riding. The other occupants escaped serious injury. The chair car, next behind, also plunged in upon the mass of wreckage end first, and all its passengers were thrown into the forward end in an indescribable heap. How they escaped with no more serious injury is a mystery which all the passengers in this coach are puzzled over. The front end of the sleeper, next in the rear, jammed into the protruding end of the chair car, and was thus prevented from following the others into the chasm.

The postal authorities report that probably nearly all of the mail carried on the train was lost or destroyed. When the wreck occurred the five postal clerks are supposed to have had all of their pouches opened and to have been at work distributing the mail. The car was so broken and splintered that most of the mail floated off, probably to drift into the Missouri river and be lost. The Wabash train each evening carries all of Kansas City's afternoon mail for the east, and it is always heavy and valuable.

Fanatics Forced to Retire.

NEW YORK, June 28.—A dispatch to the Herald from Buenos Ayres says: "The government troops have attacked the fanatics who hold the town of Canudos and forced them to retire to their entrenchments. Skirmishes continue there and though the troops are victorious they have been unable to wrest the town from the fanatics.

TWO RECEIVERS

Appointed for the Bass Foundry and Machine Works.

The Embarrassment is Believed to be Only Temporary—A New Company Has Been Organized.

Late Saturday afternoon, in the circuit court, John H. Bass and Charles T. Strawbridge were appointed receivers for the Bass Foundry and Machine works. A mortgage on the plant was given in favor of the creditors, most of which are banks. This action is said to be only temporary and Mr. Bass asserts that there is $2 behind the foundry to every dollar owed. Because of the extremely hard times Mr. Bass found it impossible to make collections due the establishment, and rather than close down the works he decided on a temporary receivership. By this action 700 or 800 men are kept at work who might otherwise have lost their positions. It is believed that the affairs of the foundry can be straightened in a few weeks.

Articles of incorporation for a new company have been filed with John H. Bass, Chas. T. Strawbridge and James M. Barrett as directors. The company will be known as the Fort Wayne Foundry and Machine company. The capital stock is placed at $300,000 in shares of $100 each.

RECEIVED THE BONDS.

The county bonds were received today from the United States Trust and Mortgage company and Auditor Bobilya turned them over to Treasurer Hunter and now has his receipt for them. The Messrs. Paul will probably take their bonds July 1, as stated in their bid.

NOTES.

John H. Brennan, Frank Pulver and Fred C. Meyers, receivers of the Fairfield ditch, are out this afternoon inspecting the ditch.

The commissioners today located the new boiler station at the poor farm a few feet northwest of the asylum.

Marriage licenses have been granted to Fred Mahlan and Hannah Scheiber, Emil Fiedler and Flora Schrader, Henry Horstman, jr., and Amelia Luc, Jake Gogel and Anna W. Walter.

Minnie Weaver commenced proceedings for divorce against her husband, William H. Weaver. She alleges abandonment. H. C. & R. B. Hanna are plaintiff's attorneys.

Judge Dawson today granted two divorces. Mattie Tyler was legally separated from William Tyler and given the custody of their minor child.

Susan Endress was divorced from Rudolph Endress on the grounds of abandonment. She was given the custody of the minor child.

The writ of habeas corpus against Ida Overmeyer was continued until July 5, when she must bring Clatya Hoover into the superior court.

The injunction proceedings of Chapman vs. Youse were continued by Judge Dayson.

Sheriff Melching came home yesterday from Napoleon, O., having in charge Edward Halter, who is charged with having attempted to criminally assault a twelve-year-old girl named Jennie Kern, at Cedarville, some days ago. He skipped out at the time, but Sheriff Melching located him at Napoleon, where he has relatives. He made no objections to returning. This morning 'Squire France continued the case until Saturday, fixing bond at $1,000.

BIG ELK HORNS.

They Measure Twelve Feet From Tip to Tip.

Prepared and Mounted by a German and Presented to Emperor William—Largest in the World.

COLORADO SPRINGS, Col., June 28.—Emperor William, of Germany, is soon to receive the largest pair of elk horns in the world, as a gift from Hans Leiden, the German consul of the Netherlands, and the director of the zoological garden of Cologne. These monster antlers measure twelve feet from tip to tip of beam across the skull and have a spread of sixty-two inches. The largest elk horns known to exist prior to the discovery of these are in the English museum in London.

Fort Wayne will soon be visited by a company of traveling evangelists who will hold gospel meetings under a tent near the corner of Hamilton and Calhoun streets, beginning July 3 and continuing for two weeks, holding services afternoons and evenings. The company is known as the "Four-fold Gospel Band," and are now holding very successful meetings at Berne, Ind. The truths of the gospel will be presented by Evangelists J. E. Ramseyer, of Bluffton, Ohio, and Earnest Biber, of New York city. Mr. Biber will speak especially to the Germans.

The regular monthly business meeting of the Epworth League, of Wayne Street M. E. church, will be held July 2, at 7:30 p. m. After the business has been transacted there will be a Fourth of July program, consisting of recitations, musical selections, chorus of national songs by the junior league and a flag drill by twenty-five little boys.

CUBAN PRISONERS.

United States Subjects Will Be Tried July First.

They Will be Sentenced to Death or Long Term Imprisonment, but Sentence Will Never be Executed.

NEW YORK, June 28.—A dispatch from Havana says: "Consul General Lee has finally been officially notified that Ora Melton, the American newspaper correspondent; Captain Laborde and others belonging to the captured American schooner Competitor, and one or two Americans incarcerated with them in the Cabanas fortress, will be called for public trial July 1st. The hearing will go before civil judges and judgment will be entirely based on the declarations previously made within the walls of the military prison on evidence taken by a government official acting on behalf of the Spanish admiralty and war department. The court will listen to no new testimony. George Foran, the only witness the Competitor men were permitted to call, is still in prison here. His sworn statement was that the vessel was beyond the three-mile limit when fired upon and seized. This statement displeased the Spaniards and Foran was, therefore, detained and charged with perjury.

Consul General Lee as yet has received no instructions from Washington to employ counsel to defend the prisoners. A Spanish magistrate said the men would undoubtedly be found guilty again and sentenced to death or long terms of imprisonment, but added "their friends need not fear their being executed or deported. Were the men shot," he said, "popular indignation in the United States would compel the American government to act. On the other hand, were they declared innocent or pardoned Spanish sentiment might drive the judges and magistrates from the bench. But they can be kept as prisoners indefinitely in Cabanas, through judicial and diplomatic red tape. The rebel generals, Rivera and Bacalloa, will not be shot." The writer has received a cable from the minister of war to suspend the sentences of death "pending the close of hostilities."

At Matanzas Saguia, Santa Clara, Sancti Spiritus, Cienfugos and Pinar del Rio dozens of executions have occurred during the last three days. At Saguia two Cuban girls, Rosa Prieto and Josphin Borg, accused of sending clothes to their brothers, were convicted of aiding the rebelion and sentenced to long imprisonment in the African penal colonies. Leading Havana newspapers, commenting on Canovas' Cuban reform bill, insist that according to its provisions the franchises will be extended to loyal Spaniards only, and will exclude Cubans who bore arms against Spain.

FIGHTING IN CUBA.

Spanish Forces Attacked at Banes and Gibara.

Garcia and Torres Make Simultaneous Attacks Upon Seaboard Towns, But are Repulsed.

KEY WEST, June 28.—Prive advices from Santiago province gives further details of the fighting during last week around Gibara and Banes, between insurgents and Spanish forces. The advices states that the insurgents, under General Garcia and Colonel Torres, numbering between 5,000 and 6,000 men, attacked both ports simultaneously, but met with a stubborn resistence. The demonstration against Banes, which is not more than four leagues distance from Gibara on the north coast, was merely a feint by the rebels to divert attention and draw the Spanish forces from Gibara, which was the point really to be attacked. The ruse was partially successful, and Garcia with his forces entered Gibara. His success, however, was only of short duration, as he was subsequently driven out after a hot fight, during which many were killed and wounded on both sides. Colonel Machadoa, a veteran of the ten years' war, says, General Gomez has planned his summer campaign and put it in operation; he has distributed columns of men throughout Matanzas, Havana and other provinces.

A BOY WRECKER.

A Colored Lad Attempts to Wreck an Excursion Train.

ANNAPOLIS, Md., June 28.—James H. Smith, a colored lad of fourteen years, is in jail here, charged with an attempt to wreck the Bay Ridge excursion train from Washington yesterday. Smith was seen to place a railroad tie on the track about a mile and a half from this city. An employe of the road, Isaac Tucker, also colored, saw the occurrence. After removing the obstruction, Tucker pursued the boy, who was arrested later and locked up in default of bail. There were nine well filled coaches in the train.

NEW RAILWAY.

The Japanese Government Sanctions Its Building.

SAN FRANCISCO, June 28.—Advices received by the Gaelic state that the Chinese emperor has sanctioned the arrangement between Sheng and the Belgium syndicate for the building of the Hankow-Peking railway. An imitator of "Jack the Ripper" has slain several young women recently in Tokio. The murders, which were four in number, all occurred the first part of May and so great was the excitement in Tokio that what might be called a wave of suicidal hysteria set in, and several young women killed themselves out of sheer fear of the murderer. The women slain by the Japanese murderer were in every case of good character, and all of them belonged to the better class. The murderer has not been caught.

HORACE BOIES

Slides Away From the Free Coinage of Silver.

He Says a Second Defeat Means the Demoralization of the Silver Forces.

WATERLOO, Iowa, June 28.—"For one I do not believe it possible to succeed upon a platform that demands the unqualified free coinage of silver at the ratio of 16 to 1 with gold. We have fought that battle and it is lost. We can never fight over under circumstances more favorable to ourselves. If we hope to succeed we must abandon this extreme demand."

In these words, Horace Boies, former governor of Iowa, and erstwhile democratic presidential aspirant, addressed the voters of the United States, who demand the free coinage of silver. He does it through the medium of a letter to Col. D. M. Fox, of Des Moines.

"The friends of silver, although once defeated, are not yet demoralized. This will not be true after a second defeat," he warningly says. "In our next great battle we must win or our cause is lost."

Although Mr. Boies has in private frequently expressed hostility to the 16 to 1 plank of the Chicago platform, this is the first authoritative declaration from him to the effect. In publicly declaring it to be a dead issue, he gives at length his reasons for asserting it to be such. He says the voters buried it under the belief that it meant silver monometallism, pure and simple, which would increase instead of diminish the misfortunes attributed to the single gold standard.

"It matters not," he says, "how we convince the people the gold standard is wrong, unless we convince them that what we offer in its place is better instead of worse."

By the adoption of the 16 to 1 plank he declares the delegates to the Chicago convention forced the silver forces to assume the defensive for their new creed.

SEE YUPS WIN.

Their Relatives Released and Property Returned.

China Arrested and Threw Men Into Prison for Offenses Committed by Their Cousins Abroad.

SAN FRANCISCO, June 28.—The leaders of the See Yup society are jubilant over the news received from China, announcing the release of their seventeen relatives who were imprisoned some months ago on account of the differences between the See Yup and Sam Yup societies. Not alone were they restored to liberty, but their property, which was confiscated, has been returned to them. Further than this, the Chinese government has ordered that all officials who were concerned in the affair be summarily dealt with. The See Yups have the new Chinese minister to thank for this reversal of the action of his predecessor, who decided that they were highbinders and members of a seditions organization. Not being able to apply the laws of this country to the case, punishment was meted out to the relatives of the leaders of the organization who were in China. As some of these were born in California, international complications were threatened.

ENTRIES CLOSED.

Kentucky's Great Racing Event Will be a Success.

LOUISVILLE, Ky., June 28.—The stake entries for the fall meeting of the Louisville Driving and Fair association have closed, and show a total of 467 entries for the sixteen events. This is much the largest number of entries ever received by a trotting track in Kentucky. The amount to be distributed is said to be $15,000 in stakes and $15,000 in purses. The meeting begins October 18, and continues ten days. The officers of the association anticipate the most successful meeting ever given in Kentucky. Entries for the purse events will not close until October 6.

ARE AT WORK.

Traffic Association Arranging for the Inaugural Excursion.

Messrs. P. A. Randall and L. A. Worch, of the Fort Wayne Traffic association's executive committee called on the railroad officials in this city today with a view to making arrangements for running excursions to Fort Wayne under the auspices of the association. The outlook for the work of the association is very promising and it will not be long until there will be results to show. Dr. Worch stated this morning that the association would probably run its first excursion into the city about July 15. He could not say with certainty over what road the first excursion would be run.

CONSTANTINOPLE, June 28.—A fresh attempt on the part of the sultan to secure Germany's support of the retention of Thessaly has met with refusal and the advice to conform to Europe's wishes on the subject.

A TEXAS FEUD.

Two Men Are Killed and Another Fatally Wounded.

The Garrison and Jones Families Fight It Out On Sunday at a Methodist Church.

DALLAS, Texas, June 28.—One of the most sensational tragedies ever enacted in North Texas, took place in the M. E. church in Pleasant Valley, Dallas county, twenty-two miles north of this city, in the course of the services Sunday. A farmer named August Garrison and Frank Jones, are dead, and Thomas Jones probably fatally wounded. The Garrison and Jones families are among the most prominent planters in this section of Texas. They own adjoining plantations and have been on the best of social terms for many years. August Garrison was a married man, and had a daughter sixteen years old, named Louis. The Jones brothers were single. Frank Jones, for a year or more, had been very partial in his attention to Garrison's daughter. Recently the girl charged him with having ruined her under promise of marriage. Garrison swore he would have the life of the betrayer of his daughter. Mutual friends succeeded in keeping the men apart until yesterday, when the first meeting between them took place. Garrison and the Jones family worship at the same church. Just as the preacher had taken his text after prayer and the singing of a hym, Garrison, who had a seat near the door, stepped to the doorway, it is believed, to get some fresh air, as the atmosphere in the building was oppressive. He had no more than reached the door when the congregation was startled by a fusilade of pistol shots. Nearly a dozen were fired in about as many seconds. When the firing ceased, August Garrison and Frank Jones were lying dead in front of the church steps and Thomas Jones was stretched on the lawn near by, one hand clasped on his right thigh and in his left he had a pistol. His right thigh bone in front was shattered by a 42-calibre pistol ball that had torn its way downward tearing away the flesh for a distance of six inches. His statement of the shooting was brief and in substance that he and his brother, Frank, were approaching the church door and were within ten feet of it when Garrison appeared and instantly drew his pistol. His brother, Frank, he said, was hit by the first discharge and before he could draw his weapon, Thomas drew his pistol and opened fire on Garrison in defense of his brother, Frank. Garrison, after Frank fell, opened fire on him (Thomas). Frank Jones was shot three times, once in the region of the heart, once in the right side and once in the abdomen. Garrison received but one bullet and that pierced his heart. Neither man lived long enough to realize his fate. Parties came to Dallis to arrange for the undertaking details to report to the sheriff and to take physicians to attend Thomas Jones, who is not expected to recover from his wounds.

ARCHBISHOP KEANE

May Be Appointed Archbishop of New Orleans.

He is Dissatisfied With His Work at Rome and Will Return to America.

NEW YORK, June 28.—The Journal and Advertiser, says: Archbishop Keane, former rector of the Catholic university at Washington is about to return to the United States. Letters received here say that he will relinquish his duties at the Propoganda within a few days and then will go to France, arriving here about the last week in July. It is said that he is to be appointed archbishop of New Orleans to succeed the venerable Archbishop Janssens, who died suddenly a week ago. It is known that Cardinal Gibbons and Archbishop Ireland will favor the appointment of Archbishop Keane to this important charge. He is very close to them and they are anxious that he should once more resume his work here. It is also an open secret that the archbishop is not satisfied with his work in Rome.

BOOMING TEA BUSINESS.

Representatives of the Japanese Government Arrive Here.

SAN FRANCISCO, June 28.—Among the passengers on the steamer Gaelic was a party of Japanese who have come to this country in the interest of the Japanese government and the Central Tea association of Japan to establish bureaus for the regulation of the tea business here. There is now a bureau in existence in New York and other bureaus will serve about the same purpose in respect to tea as the viticultural bureaus in the eastern cities do in the regulation of the foreign wine trade. Mr. Misatany, one of the party, will be installed in charge of the Chicago bureau for a period of seven years.

Chris. Wagner Arrested.

SACRAMENTO, Cala., June 28.—An officer from Emporia, Kan., started from here yesterday with Chris. Wagner, who is wanted there on a charge of obtaining money by false pretenses, which offense is alleged to have been committed some years ago. When the officer and his prisoner reached Auburn they found a writ of habeas corpus awaiting them and the officer could not proceed further.

THE FIFTY-FIFTH.

Mr. and Mrs. Isaac Blystone's Wedding Anniversary.

The Notable Event Celebrated by a Large Company at Their Oak Grove Home, Near Fort Wayne, Saturday.

Last Saturday, at Oak Grove cottage, the beautiful home of Mr. and Mrs. Isaac Blystone, the fifty-fifth anniversary of their marriage was celebrated by a large company of guests. The spacious rooms were decorated with flowers and the grove was lit up in the evening with Chinese lanterns, where tables were set. A large swing had been put up for the occasion, which was enjoyed by old and young.

Ice cream, cake, coffee and lunch were served from 4 to 11 o'clock. A greater part of those present were members of Harmony lodge No. 19, I. O. O. F., and Deborah lodge No. 110, D. of R., Mr. and Mrs. Blystone being members of these fraternities. During the evening a handsome rocker was presented by Mrs. Kirchefer, in behalf of the sisters of the lodge, which was responded to by Mrs. Blystone in a few words of thanks. Mr. Blystone sang the following song:

Oh! friends we consecrate this time,
To you in friendship dear,
And to the thoughts of "Auld Lang Syne,"
We bid welcome here.

CHORUS.

For days, nor years, nor change, nor time,
Can sever love's bright chain.
Immortal life welds up the links,
And makes it whole again.

We cherished you in days gone by,
And pleasantness has thrown
Its silvery rays upon our heart,
When we think of moments gone.

The power you bring from spirit life,
Shall bid us struggle on,
To bear our burdens in the strife,
Till earth's short work is done.

The song was received with cheers, and all went "merry as marriage bells of long ago." Many other presents were received, among them a large square cake decorated to suit the occasion, from Mr. and Mrs. H. H. Barcus, and a handsome boquet, the center flower being a double calla, from Mrs. A. Ross. The out-of-town guests were Mrs. L. C. Line, of Detroit; Mrs. Ross, of Collamer; Mrs. J. Poinsett, Mrs. George Thurman, Mrs. Ed. Poinsett and Mrs. Gilley. About 140 were present.

DEATHS AND FUNERALS.

The Funeral of the Late W. L. Carnahan Tuesday—Other Mortuary Matters.

The funeral of the late W. L. Carnahan will be held Tuesday at 3 p. m. at the Trinity Episcopal church. The funeral service will be public, but the interment at Lindenwood will be private. No flowers. The services will be conducted by Rev. A. W. Seabrease, of Trinity Episcopal church, of which the deceased was a member.

Katie Hiser, aged eight, daughter of Mr. and Mrs. George Hiser, died yesterday at the home of her parents, in Washington township. Lung fever was the cause of death. The funeral will be held at the Cathedral at 10 . m. Tuesday.

THE WEEK'S DEAD.

The following is the list of deaths as reported by the city undertakers for the week ending Saturday, June 25th.

Joseph Leroy Ormiston, 3 months old, brain fever.

Twins of C. E. Molitor, still born.

Bertram Minser, 9 years old, drowned.

Peter Back, 68 years old, paralysis.

Albert C. Romine, 24 years old, typhoid pneumonia.

Bridget Ryan, 71 years old, bronchial pneumonia.

Mabel Wolford, 1 year old, cholera infantum.

Frank Murphy, 7 years old, drowned.

Emma Meyers, 18 years old, heart disease.

Mary Eiser, 76 years old, dropsy.

Elizabeth Trant, 33 years old, consumption.

Katie Ronk, 37 years old, puerperal fever.

Martha Nahrwald, 8 years old, intermittent fever.

Conrad Hitzeman, 93 years old, old age.

NEW DEPARTURE.

Individual Communion Cups Used at Westminster Church.

The individual communion cup was used at the communion service at Westminster church yesterday for the first time in this city. The result was entire satisfaction to all. The set ordered is so much in keeping in the administration with the former usage that the change was scarcely realized. The trays containing forty-eight cups each, are passed through the pews and the communicant takes a cup, and, after using it returns it to the tray in the outer row of holes intended as a receptical for the empty glasses. The cups are so tiny that the tray with the forty eight glasses is light and easily handled. The table when set presents a very pretty appearance; and the filter is so well adapted to the purpose that several hundred cups can be filled, twenty-four at once, in a very few moments.

All who participated agree that it is a departure which is sensible and should come into general use.

The Epworth league of the St Paul M. E. church will give an entertainment and social at the church, on Walton avenue, this evening.

BOY BADLY BURNED.

Little Calvin Leykauf's Clothes Take Fire.

He Attempts to Shoot a Firecracker and the Result May be His Death.

Calvin, the three-year-old son of Henry N. Leykauf, of 151 Union street, was terribly burned yesterday and lies in bed at his home in a critical condition. Yesterday morning the little fellow found a fire cracker and thought to celebrate the Fourth of July a week in advance. Procuring a match he went out doors to explode the little Chinese noisemaker. In some manner his waist, of light fabric, caught fire, and before assistance reached the boy his clothing was almost burned from his body. His father was absent from the city and his mother was in attendance at church, and the boy was running about in his blazing clothing some time before neighbors discovered his terrible plight and extinguished the flames.

The boy was taken into the house, and Dr. H. V. Sweringen was summoned, as was also the lad's mother. Dr. Sweringen found the little fellow terribly burned about the back, chest, neck and arms. The boy is in an extremely critical condition, but has a vigorous constitution and may pull through. The father, who is a plumber in the employ of Hattersley & Sons, was working at Greenfield, but came home last night in response to a telegram.

IN POLICE COURT.

A Couple Arrested for Unlawful Association.

The Usual Grist of Train Climbers and Drunks—Young Lady Arrested by Mistake.

William Greenhale and Rachel Bowser were arraigned in police court this morning, charged with unlawful association. The couple was arrested Sunday morning in apartments occupied by the woman at 201 Calhoun street. The place has been given a bad reputation by neighbors and the police investigated with the foregoing result. Greenhale was fined $5 and costs and the woman took a change of venue. Attorney Emrick appeared for the woman.

Seven train climbers brought in by Pennsylvania special officers were discharged and ordered out of town. One drunk was allowed to go. Frank Disnay, arrested for peddling without a license, was fined $5 and went to jail. He was arrested once last week and dismissed with a warning, which he did not heed.

A well known young lady of Fort Wayne was made the victim of a most unfortunate case of mistaken identity. For some time a woman has been representing herself as the wife of Dr. F. B. Ladd and collecting money due that physician. Dr. Ladd had notified the police and yesterday morning sent word that he had located the woman and a warrant was placed in the hands of an officer. The young lady was arrested and taken to the police station, where after a course of questioning she established her innocence completely. There appears to have been too much haste in invoking the services of the police, who acted in good faith upon the representations made to them.

BUFFALO COW DEAD.

Only Female in J. H. Bass' Herd Goes the Last Journey.

A death which, in a way, is a loss to the community and to the state, occurred yesterday at the Brookside farm of J. H. Bass. The only cow in his fine herd of buffalo died, and there is not now a female specimen of the fast disappearing American bison in Indiana. A few weeks ago the cow gave birth to a sturdy male offspring. For some unaccountable reason the buffalo calves at Brookside have all been males, and there is no female by which the herd may now be multiplied. The cow is belived to have died from old age.

RACING WHEELMEN

Make a Food Discovery.

J. F. Fitch, the Chairman of the Bicycle Committee of the Knickerbocker Athletic Club, New York, writes: "I have experimented with many beverages among the members of my racing team and have found but one that completely fills the bill. It is needless for me to say that this is Postum Cereal. It courts neither sleeplessness nor nervousness, in fact, it seems to make the men stronger and I know personally that they ride better after using it."

When the trainer of Athletes find a liquid food, which looks like coffee and has much the same taste of the milder grades of Java, and that so surely rebuilds and restores the human body, it well behooves the brain worker to test and see if his physical condition may not be improved by the same diet.

Ten days trial will startle some people who have looked upon their ill feelings as permanent and iradicable.

Postum pleases all who have it properly prepared; enough in pot to make it black and rich, then boil all of 15 minutes and there you are.

Mossey is Dead.

MIDDLEBURY, Vt., June 28.—Col. F. B. Mossey, the well known Washington correspondent, died here late last night of Bright's disease. He was fifty one years of age, and had been ill for some time.

AFTER THEIR MONEY.

Few Depositors in First National Bank Were Anxious.

An Incipient Run Was Made Without Causing Excitement.

Small Depositors Only Among Those Who Withdraw Money.

The Bank Met All Demands Cheerfully and More Money Went in Than Came Out.

There was an incipient run on the First National bank of Fort Wayne this forenoon, due primarily to the complications in the affairs of the Bass Foundry and Machine works. The run began at the opening of the bank for business this morning and continued until about noon, when matters assumed a normal condition. At no time did the run assume either in character or in volume anything like a serious aspect, nor at any time was there any apprehension felt in business circles.

Shortly after the bank opened for business at 9 o'clock this morning depositors began to appear at the bank's counters to withdraw their funds. It was not long until the number had assumed considerable proportions and a great many curiosity mongers on the curb lent the appearance of a crisis, which had no existence. From the opening of the bank until noon the crowd in varying numbers kept asking for cash and the bank paid it out on demand as fast as the tellers could transact business.

Meanwhile something else of importance was going on in the bank. Money was pouring in faster than it was going out. Business men, capitalists and merchants were depositing their cash. These men who knew rock-ribbed solvency of the oldest National bank in Indiana had no fear of financial or disaster. Where one dollar was withdrawn two were deposited. Several well known capitalists placed large sums with the bank and many new accounts opened. Those who had withdrawn funds were surprised that their own alarm was not shared by the large depositors, and by noon it began to be understood that there was no danger. The run had stopped. Now and then a farmer, who had hurried late to the city straggled in, wanted his money, and wondered why it was paid to him so promptly and cheerfully. This afternoon there was no more flurry about the bank than one would encounter at a prayer meeting.

The depositors who took their money from the bank were for the most part laboring people, men and women whose savings were on deposit. Theirs was small in proportion to the numerical strength of the bank's depositors and represented but a small percentage of the money in the bank. The First National had offers of assistance from many sources, including the other banks, which were ready to clear for the First if necessary. All these offers were declined because the bank was in no stress. There was cash enough to pay depositors and the bank officers were ready for all who came for money.

The stability of the First National bank and the extent to which it enjoys the confidence of the merchants and capitalists of Fort Wayne was well illustrated by the way in which the flurry of this morning wore itself out among a few small dedositors.

Yesterday was children's day at St. Paul M. E. church, and the congregations were the largest for many months. The church was very tastefully decorated, and in the morning a very large congregation was present, and one of the interesting features was the attendance of the plumed knights, a juvenile military organization with a large membership. Rev. M. C. Cooper preached a short sermon, and excellent music was furnished by the children. In the evening the children day cantata was beautifully rendered in the presence of one of the largest congregations that ever assembled in the church. From two to three hundred people were turned away, not being able to gain admission. Those who took the principal parts in the cantata wore appropriate costumes, and the music was of a high order. The Epworth League will give a free literary entertainment at the church this evening at 8 o'clock.

St. Cecelia's branch, 370, of the Ladies' Catholic Benevolent association, will meet Wednesday evening, June 30, at the Legion hall, corner of South Calhoun and Highland street, and all members and all interested ladies are requested to be present.

Detective Coling and Deputy United States Marshal Rose arrested Mrs. Stevens in this city this afternoon for violating the revenue laws at Van Buren. She was taken to Indianapolis.

Mr and Mrs. O. B. Johnson, of West Creighton avenue, left this morning for a ten days' outing at Petoskey, Mich.

MRS. CURTIS, NEW YORK,

Tells Her Experience With Ovaritis.

A dull, throbbing pain, accompanied by a sense of tenderness and heat low down in the side, with an occasional shooting pain, indicates inflammation.

On examination it will be found that the region of pain shows some swelling. This is the first stage of ovaritis, inflammation of the ovary. If the roof of your house leaks, my sister, you have it fixed at once; why not pay the same respect to your own body?

Do you live miles away from a doctor? Then that is all the more reason why you should attend to yourself at once, or you will soon be on the flat of your back.

You need not, you ought not to let yourself go, when one of your own sex holds out the helping hand to you, and will advise you without money and without price. Write to Mrs. Pinkham, Lynn, Mass., and tell her all your symptoms. Her experience in treating female illsis greater than any other living person. Following is proof of what we say:

"For nine years I suffered with female weakness in its worst form. I was in bed nearly a year with congestion of the ovaries. I also suffered with falling of the womb, was very weak, tired all the time, had such headaches as to make me almost wild. Was also troubled with leucorrhœa, and was bloated so badly that some thought I had dropsy. I have taken several bottles of Lydia E. Pinkham's Vegetable Compound, and several of her Blood Purifier, and am completely cured. It is a wonder to all that I got well. I shall always owe Mrs. Pinkham a debt of gratitude for her kindness. I would advise all who suffer to take her medicine."—Mrs. Annie Curtis, Ticonderoga, N. Y.

The Evening Sentinel.

MONDAY, JUNE 28 1897.

TONIGHT.

Lodges—Fort Wayne No. 14, I. O. O. F.; Phoenix, K. of P.; Ben Hur court No. 95; D. of H. No. 26.

Labor—Barbers' union No. 14; Bricklayers' union; Carpenters' union.

THE queen is one of the few Londoners who could stand another week of celebrating.

A MAN wouldn't mind being run down by a scorcher so much if the latter didn't get off and cuss him so hard for being on the earth.

ONE of Queen Victoria's physicians has been made a baronet, a fitting reward for the kind of doctor who keeps his patron in good health.

SENATOR HALE'S proposition to shut out lobbyists from the senate is not exactly in the nature of a compliment to the purity and integrity of that body.

SENATOR VEST is the last of the famous three "Vs" in the senate. Vance and Voorhees have passed away. The trio were great cronies in their day.

A YOUNG couple in Chicago kept their wedding a secret over a year. They acted so much like married people that they were not even suspected of being lovers.

THERE may be nineteen or more reasons why Japan does not want the United States to annex Hawaii, but one will suffice, and that is that she wants the islands herself.

WATCHING the sky for signs of storms is about as profitless as watching the thermometer. As far back as human memory extends there have been storms and their average of damage is small.

THE five republics of Central America are now federated under the name of the Greater Republic of Central America, and they will cut some figure in the world if they drop revolution and look after business affairs.

THE popularity of the Princess of Wales has been enormously augmented by the jubilee dinners given under her auspice to the poor of London. The poorest way in this world to make enemies is to show some consideration for the comfort of others.

A NEW YORK paper recently wrote to the governors of all the states and territories for estimates of the present population. All the reports have been carefully compiled and show that the total population of this country is now, in round figures, seventy-five million people.

THERE were all kinds of rumors Saturday and Sunday about the receivership of the Bass Foundry and Machine works. THE SENTINEL will state, on what it believes reliable authority, that the embarrassment is only temporary and within a few months Mr. Bass will again be in complete possession of his plant as an individual with all the obligations fairly and honestly met. Mr. Bass has been Fort Wayne's leading business man for more than a quarter of a century, has always moved for the best interests of the thriving metropolis of northern Indiana and deserves just what he is receiving, the support of all citizens. Were the receivership not consummated the establishment might have been temporarily closed, but under existing circumstances the wheels will be kept moving and 700 or 800 men will be busy at work.

THE sale of court house bonds last Saturday demonstrated that Fort Wayne is strictly a part of the financial world. When the bids were opened it was found that the two best bidders were Fort Wayne capitalists. The bid of Paul Bros. for the first issue of $225,000 worth of bonds was almost 100 per cent. better than that of any other bidders, showing that Fort Wayne citizens have the utmost confidence in the ability of our great county to meet all its obligations. The best bid for the remaining $300,000 was that of J. W. White and it is believed that Mr. White can place all of these bonds with Fort Wayne citizens, who ask for no better investment. Messrs. Paul and White stand high in the financial world and are to be commended for the confidence they have shown in their own county.

Beginning With Beet Sugar.

No time has been lost by the state of New York in getting down to practical ideas in encouraging the production of beet sugar within its boundaries. At the last session of the legislature an appropriation of $10,000 was made to promote the culture of the sugar beet, and a state bounty will be paid on the crop. The state department of agriculture has selected fifteen tracts in thirteen different counties for official tests. Each farmer owning the land chosen is paid $25 for its use and furnished with rain gauges. He is required to make weather observations three times a day, and send weekly reports to the state bureau. Sugar beet seeds are supplied to other farmers who agree to send in reports at intervals during the season. By the end of the year New York will have obtained a large fund of information on sugar beet conditions throughout the state, and at a small cost.

One great advantage to the farmer in growing sugar beets is that it brings into his neighborhood a large factory with a numerous force of workers, adding to the population and to the demand for other articles produced on the farm. The average cost of a factory is $250,000, which is necessarily a permanent investment, and one not likely to be made without large additional capital. In the United States at present there are three factories in California and two more in course of erection; two in Nebraska, one in New Mexico, one in Utah and one in New York state. A comparison with Europe in this respect creates surprise at the backwardness of our own country. There are in Germany 397 beet sugar factories, in France 556, in Austria 216, in Russia 297, and in Belgium and Holland over 200, a total of nearly 1,500 great factories devoted to one article alone. In climate or soil those countries possess nothing not found in the United States.

A great revolution has occurred within a few years in the world's production of sugar. Though Cuba's export of sugar has declined nine-tenths, the loss is not seriously felt. Last year six European countries produced 4,750,000 tons of beet sugar. Under the stimulus of government protection and export bounties the price of sugar, free on board for export bounties the price of sugar, free on board for export, has declined to about 2c a pound. Yet the area of land planted with sugar beets in Germany this year is 1,062,908 acres, against 1,054,184 acres in 1896, and 930,749 acres in 1895. Another important fact is that German farmers get as much sugar from 7.25 units of raw beets as formerly from 13 units. It is manifestly absurd for the United States to be sending abroad every year more than $100,000,000 for sugar. The money should be kept at home and go into the pockets of our own farmers, factory workers and manufacturers.

GREAT TIME COMING.

Preparations for the Fourth of July at Robison Park.

Great preparations are being made for the big independence day celebration which will take place at Robison park Monday, July 5. The fire works display at night will be the finest ever witnessed in this city; the grounds will be beautifully illuminated at night with colored lights and lanterns; the Pain fire works company of New York, will furnish the illumination and fire works. The Robison Park league will play a series of games in the morning and afternoon. The theater will give a continuous performance. An orchestra will furnish music for the dancers at the dance pavillion the entire day and evening, and a program of athletic sports will give plenty of amusement for all.

The management also offer a handsome bed-room or parlor set of furniture to the couple that will agree to get married at the park. They also agree to furnish the marriage license and minister to perform the service. The railroads will all give special rates, and the country is being extensively billed for the occasion.

Fort Wayne will not only have a chance to celebrate the Fourth at home in royal style, but they can help entertain thousands of visitors who will come to see the finest park in the country.

Half Rates—Fourth July.

Excursion tickets at half rates will be sold by the Lake Shore & Michigan Southern Ry. at all stations on July 3, 4 and 5 to points within 200 miles of selling point, good returning until July 6th inclusive. 12 15 19 22 26 29

A DAYTON ROBBER.

Deliberately Steals a Game From Fort Wayne.

Captain Cooke's Batters Make a Game Finish in the Ninth and Then are Robbed in the Twelfth.

It is not often that the Fort Wayne ball players decry an umpire and claim that he was the cause of their defeat. But, if stories reaching here are true, there was never a more deliberate robbery on the diamond than that at Dayton yesterday. With the score three to nothing against them in the ninth the Fort Waynes played base ball as it should be played and tied the score. Severs and Brown were twirling great ball in the twelfth inning with a man on second base, Weand hit the ball over left field fence anywhere from four to six feet foul and Mr. Brown, a local umpire called it fair, allowing the Daytons two runs and the game. The crowd yelled "foul" and were disgusted with the decision, but Mr. Brown would not change it. President Meyer today wrote to President Power protesting the game, asking him to take only the testimony of Umpire Colgan, who was in the grand stand suffering with a sore throat which made it impossible for him to umpire. Colgan says positively that the ball was away foul. The game was the best one played in Dayton this season. The Fort Wayne team is in Wheeling today.

THE SCORE:

FORT WAYNE.	A.B.	R.	1B.	P.O.	A.	E.
Cooke, lf	5	0	0	2	0	0
Fitch, ss	5	0	0	1	4	0
O'Meara, c	4	1	2	2	1	0
Campbell, rf	6	1	1	3	0	0
McKevitt, cf	3	1	1	4	1	0
Kihm, 1b	4	0	1	13	0	0
Sharp, 2b	5	0	1	1	2	0
Babb, 3b	5	0	1	3	1	2
Severs, p	5	0	0	2	4	0
Total	43	3	7	30	13	2

DAYTON.	A.B.	R.	1B.	P.O.	A.	E.
Hogan, cf	5	0	2	5	0	0
Grant, 2b	5	0	1	6	4	0
Flick, lf	5	1	1	1	0	0
J. Rieman, 1b	5	0	2	11	0	0
Weand, rf	6	1	1	0	0	1
Greenwald, c	6	1	0	7	1	0
Cargo, 3b	5	0	1	0	0	0
Wetzel, ss	4	1	1	1	4	1
Brown, p	5	1	3	1	3	0
Total	47	5	12	36	12	2

INNINGS.	1	2	3	4	5	6	7	8	9	10	11	12	
Fort Wayne.	0	0	0	0	0	0	0	0	3	0	0	0	—3
Dayton	0	0	0	0	1	0	0	2	0	0	0	2	—5

Earned runs—Dayton, 1; Fort Wayne, 1. Two-base hits—Grant, O'Meara. Three-base hits—McKevitt. Home run—Weand. Stolen bases—Hogan, 2; Grant, Greenwald, Kihm. First base on balls—Off Severs, 3; off Brown, 2. Hit by pitched ball—By Brown, 1. Struck out—By Brown, 7. Double play—McKevitt to Fitch. Umpire—W. C. Brown. Time of game—2:10.

OTHER INTER-STATE GAME.

TOLEDO, Ohio, June 28.—Yesterday's game was the hottest pitchers' battle ever put up on the grounds. Ten innings were played, with only two hits off Cogswell up to the ninth. The score:

Toledo.....0 0 0 0 0 0 0 0 1 2— 3
Springfield. 0 0 0 0 0 1 0 0 0 0— 1

Hits—Toledo, 8; Springfield, 5. Errors—Springfield, 0; Toledo, 1. Batteries—Kelb and Arthur; Cogswell and Stevick. Umpire—Keefe.

RESULTS SATURDAY.

National League—Boston, 0; Baltimore, 1. Philadelphia, 3; Brooklyn, 5. Pittsburg, 5; St. Louis, 3. New York, 9; Washington, 1. Second game—Washington, 5; New York, 10. Chicago, 9; Cleveland, 3. Cincinnati, 7; Louisville, 1.

Western League—Detroit, 6; Grand Rapids, 3. Kansas City, 4; St. Paul, 12. Minneapolis, 5; Milwaukee, 6. Columbus, 7; Indianapolis, 5.

Western Association—Dubuque at Des Moines, rain. Rockford at St. Joseph, rain. Peoria, 1; Burlington, 11. Cedar Rapids, 1; Quincy, 5.

Inter-State League—Fort Wayne, 13; Dayton, 4. New Castle, 12; Mansfield, 8. Toledo, 7; Springfield, 1. Youngstown, 8; Wheeling, 5.

Michigan State League—Jackson, 0; Bay City, 7. Lansing, 7; Saginaw, 5. Kalamazoo, 7; Port Huron, 3. Port Huron, 7; Kalamazoo, 3.

GAMES TODAY.

Fort Wayne at Wheeling.
Toledo at Mansfield.
Dayton at New Castle.
Springfield at Youngstown.

ADVOCATES TWO SERIES.

The Wheeling Intelligencer advocates a new season in the following article:

"In order to revive interest in the towns of the Inter-State league, the Intelligencer would propose that the season be divided as it was last season. Have the first season end on July 4, and then run out the record and start with a clean slate and every team at scratch. Unless this is done there is sure to be an ever increasing lack of interest in several towns of the league, including Wheeling, Springfield, Fort Wayne, Mansfield and Youngstown. If these clubs would consent to a double season and a revised schedule after July 4 there would be such an all-round and general revival of interest that it would be shekels in the pockets of the magnates.

"One thing is assured, unless Wheeling speedily braces up and plays winning ball, the interest in the Nailers will be at a very low ebb. Messrs. Coyle and Herrington will act for their best interests if they will take hold of the double season plan and see if it can't be pushed through to success. Then with a strengthened team, Wheeling might be enabled to cut a figure in the race for the second season championship. At the conclusion of the second season, by the way, the winners of the two championships could come together in a profitable series for the 1897 championships of the Inter-State league."

Last season when Fort Wayne had a big lead the season was divided and the result was increased interest in every city in the league. New Castle couldn't object as that club would get a chance at the cup series.

YESTERDAY'S GAME.

National League—Chicago, 0; Cleveland, 5. Cincinnati, 4; Louisville, 2.

Western League—Columbus, 3; Indianapolis, 10. Milwaukee, 7; Minneapolis, 6. Kansas City, 1; St. Paul, 9.

Western Association—DesMoines, 8; Debuque, 2. Quincy, 7; Cedar Rapids, 6. St. Joseph, 4; Rockford, 2. Burlington, 1; Peoria, 5.

Michigan State League—Bay City, 22; Port Huron, 9. Saginaw, 1; Lansing, 4. Jackson, 6; Kalamazoo, 2.

KAISERS WIN BOTH GAMES.

The Kaisers played two very interesting games yesterday at Centlivre's park. Ertel pitched both the morning and afternoon games and was very effective at critical moments when hits were needed.

Morning Game—Kaisers, 8; Foam Blowers, 7. Batteries—For Kaisers, J. Ertel and Mills; for Foam Blowers, O. Kiefer and H. Doctor.

The afternoon game was very close up to the eighth inning, when the Kaisers scored three runs. Score: Kaisers, 6; Clover Leafs, 3. Batteries—For Knisers, J. Ertel and Ferkel; for Clover Leafs, T. Zoeller and Fissel.

SPRINGFIELD DIRECTORS BOUND OVER.

SPRINGFIELD, O., June 29.—Mayor Good, J. S. Elliott and S. L. Nelson, directors of the Springfield base ball company were today bound over to the grand jury on two charges each of violating the law against Sunday base ball. There will be no grand jury until September 6. Director D. A. Carter's trial is set for July 15.

NOTES.

Link Lowe has a broken finger and Boston will lose his services for a couple of weeks.

Springfield has signed Cross, a brother of Lave Cross, to officiate in the pitcher's box.

The West Enders defeated the Walther Leaguers in a ball game yesterday by a score of 23 to 8.

The North Waynes defeated the Chestnut Browns by a score of 46 to 3. Batteries—Cooley and Majors; Jefferies and Carl Reese.

The Sheldons defeated the Maples team by a score of 30 to 18. Batteries—For Sheldon, Moses and Cook; for Mapels, Meyers and Miller.

The New Haven Owls, the third team of that place, would like to hear from any fifteen-year-old team in the city. Address, Harry Zeddis, New Haven, Ind.

The Ponys defeated the Walther League Stars yesterday by a score of 8 to 6. Batteries—For Walther league, Meyers, Weimaster and Hentz; for Ponys, Lauer and Oddou.

President Meyer saw the game yesterday at Dayton and says that Weand's home run was foul by six feet. Umpire Colgan says the same thing, too, and he was in the grand stand.

In the Robison park league the Spy Runs and Keystones are in the lead, each having 1,000 per cent.; the Shamrocks are second, the Maroons third and the Zifles and Blues are at the botton of the percentage column.

The Payne, Ohio, team defeated the New Haven team in a very bad exhibition of ball playing at New Haven yesterday. The score was 29 to 14 in favor of Payne. Batteries—Krock and Bell; Jones, Gorrell, and McGraw. Umpire—Guebard.

The Palm Leaf and the East End Jolly clubs played ball on the grounds off Coombs street yesterday, the score being 12 to 9 in favor of the Palm Leafs. The batteries were: Palm Leafs, Waldo and Luhmann; East End Jolly, Michel and Wolf.

At Robison park yesterday afternoon the Blues went down before the Keystones. With the score 7 to 1 in the fifth inning in favor of the Blues, the Keystones made a great finish, winning out by a score of 8 to 7. Batteries—Blues, Doyle and Braider; Keystones, McCarty and Nolan.

Powell and Criger were Cleveland's battery yesterday and the Ansonites were shut out. Only six hits were made off Powell. Nine hits in two games is a record of which any pitcher might be proud, but for a youngster in fast company it is a debut the National league never knew before. Powell is the greatest young pitcher that ever went into the league.

The Wheeling Intelligencer says: "Wheeling will probably have a new second baseman today in the person of Bradley, who has been playing with the Zanesville team, of the Ohio-West Virginia league. The Wheeling management was negotiating for the player's release yesterday and the deal will no doubt go through in time for the new man to appear in the Wheeling uniform today."

President W. W. Kerr, of the Pittsburg base ball club, Saturday closed a deal for Catcher Lynch, who has been wearing the wind pad in the Mansfield team of the Inter-State league. This move has been taken by the Pittsburg management in an effort to strengthen the spot which has so frequently been pointed out as the weakest link in the chain. He is said to be fast enough for major league company.

It is authoritatively stated that this will be the last year of the professional base ball career of Ed. Cartwright, late of the Washington team of the National league, but now playing first for Minneapolis. Cartwright has had a long and successful experience in the big league, and the time for him to retire, he says, has come. He will likely finish the season with Minneapolis, after which he will retire to his farm in Georgia, one of the prettiest rural homesteads in the south.

The Shamrock boys won their third game in the Robison park league yesterday afternoon. The Rifles were their victims. The game was the best played this season at the park. Some rattling good work was put up by both teams. The work of Richards, Lauer and Berger, for the Rifles, was a feature of the game. Berg's playing at second and Pohle's catching for the Shamrocks were brilliant features of the game. Score — Shamrocks, 15; Rifles, 9. Batteries — Shamrocks, Quinn and Pohle; Rifles, Hendricks, Greene and Hewitt.

A Dayton correspondent says: "Several National league club managers have been in the city this week watching the work of "Marty" Hogan and Elmer Flick, who guard center and left for the Daytons. Hogan, who is considered one of the fastest outfielders in the country, has been improving with the stick, and it is said he has been offered a position in one of the major clubs. He leaves for the east tonight, having secured his release. Flick holds the stick record in the Inter-State league and will secure a National league opening shortly." All this blow about Flick's "best record in the Inter-State" is rot. Captain Cooke has the record, two home runs and five singles, a total of thirteen bases.

Dayton News; "Some of the would be sports up at New Castle are wondering why the managers of the big league teams are not running excursions to New Castle to see Hickman pitch. They are wondering still more at the "idiocy" of managers in not making an offer for Hickman. Well, they will still wonder. Hickman is not physically very strong, and may not be able to keep up the pace set by other pitchers in the Inter-State league."—THE SENTINEL doesn't take much stock in this assertion. Hickman is one of the most robust, stocky built players in the league and when Dayton's twirlers are all out of the game on account of that "tired feeling," Hickman will be putting them over with lightning speed.

On account of the publication of a whole lot of "rot" in the Pittsburg papers under Springfield date lines, Manager Hurd is having his troubles in signing players for the Springfield team. Dispatches have been sent from Springfield to the effect that players are not receiving their salaries, and that base ball in Springfield is doomed to die soon. As a result, the players who might have been signed are fighting shy of Springfield. As a matter of fact, the league itself protects the players against loss of salary, through the reserve fund, and players will receive salary for every day they are entitled to pay, even if the club should "go broke," which is not at all probable. The only thing the matter with the Springfield team is the trouble the "knockers" are making.

Toledo Bee: "The attendance in the Inter-State league this season has placed this organization on a footing with the stronger 'minor' leagues in the country. At Dayton during the series 3,500 people turned out, and during the Dayton-Toledo series in this city, the average paid attendance for each game was over 1,000 and the records of the league will show it. With an average attendance of 1,000 or even 800. Toledo is drawing better at home than many of the Western league towns and better than some cities in the base ball monopoly. Other cities in the Inter-State are keeping well up with Toledo and when Springfield and Wheeling get down to business and strengthen a little, the record of attendance in the Inter-State league will be better than in any eight club leagues in the country."

SPAIN'S REBELS

Within an Hour's Drive of the Philippine Capital.

The Spanish Have Lost 47,500 Soldiers.... The Insurgents Capture Many Guns.

TACOMA, Wash., June 28.—Advices received by the steamer Victoria, which arrived yesterday, brings the following news of the Philipine rebellion:

A band of insurgents who left Cavite have reached the neighborhood of Manilla and on May 18th were within an hour's drive of the capital. This was after Commander-in-Chief Rivers had published his latest proclamation, declaring the rebellion ended and offering a pardon to the insurgents.

Late Yokohama papers received today print a letter written from the rebel camp at Balinkupsang, near Manila, on May 18. The writer asserts that during the campaign just ended the Spanish have lost no less than 47,500 men killed and mortally wounded.

The rebels started with but nine efficient guns, while now they have nearly 10,000 captured Muzer and Remington rifles. Three important towns had just risen in rebellion—one in Tambales, one in Tayabas and one in the Isle d'Negroes.

July 2, the Nickel Plate road runs an excursion to Chautauqua Lake at very low rate. 22-8t

Gets Twenty Years.

OMAHA, Neb., June 28.—Ex-State Treasurer Bartley, convicted of embezzlement, was sentenced today to twenty years in the penitentiary and to pay a fine of $300,000.

REGULAR SPANISH

This is the exact size and shape of the Regular Spanish Cigar The only 10c Cigar that sells for 5c. Made by KASTEN & KOHLMEYER, 248 Calhoun Street.

The Waverley Bicycle

$60

The famous wheel of last year has been greatly improved. New machinery was not necessary to continue its construction, hence the great reduction in price.

For Very Fastidious People

the new 1897 Waverley stands unrivaled. It is built on a new principle, with new and costly machinery, and is equipped with the only absolutely true bearings. It cannot, consequently, be sold for less than $100

Do Not Forget Our Initials or Number.

How do you do Lady and Gentleman. Allow me to congratulate you for being in such a comfortable place, you look so fresh and harty, and I am almost exhausted. Why is it? Well we use the Leonard Cleanable Refrigerator! They are the most complete ice saving, vegetable saving and health saving in the market. We have been in every place in the city, where they keep Refrigerators, but nothing like the Leonard. Say, go to the Indiana Furniture Store, they have the exclusive sale of the Leonard, they will show you all of the good points they have, and they are just the ones that can do it. Thank you, thank you! I will go see them at once.

IS IT A TRIFLE?

That Common Trouble, Acid Dyspepsia or Sour Stomach.

Now Recognized as a Cause of Serious Disease.

Acid dyspepsia, commonly called heartburn or sour stomach, is a form of indigestion resulting from fermentation of the food. The stomach being too weak to promptly digest it, the food remains until fermentation begins, filling the stomach with gas, and a bitter, sour, burning taste in the mouth is often present. This condition soon becomes chronic and being an every day occurrence is given but little attention. Because dyspepsia is not immediately fatal many people do nothing for the trouble.

Within a recent period a remedy has been discovered prepared solely to cure dyspepsia and stomach troubles. It is known as Stuart's Dyspepsia Tablets and is now becoming rapidly used and prescribed as a radical cure for every form of dyspepsia.

Stuart's Dyspepsia Tablets have been placed before the public and are sold by druggists everywhere at 50 cents per package. It is prepared by the Stuart Chemical Co., Marshall, Mich., and when it promptly and effectually restores a vigorous digestion, at the same time is perfectly harmless and will not injure the most delicate stomach, but on the contrary by giving perfect digestion strengthens the stomach, improves the appetite and makes life worth living.

Send for free book on Stomach Diseases.

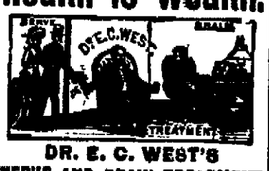

CURES EVERY CASE. Dr. KILMER & Co., South Bend, Ind. Gents — We have placed an additional order for Dr. Kilmer's Sure Headache Cure. We cannot say too much in praise of this medicine. As yet we have not found a case of Headache that it has not cured. Yours respectfully, GLEASON & KNAPP, Druggists. Albion, Mich., March 22, 1894.

LEAVES NO BAD EFFECTS. Dr. KILMER & Co., South Bend, Ind. Enclosed find twenty-five cents for a box of your Sure Headache Cure. It is the best thing for headache I ever tried, and it leaves no bad effects. Would not be without it. Yours respectfully, MISS F. M. WILSON, Rising City, Neb.

'TWAS A SUCCESS.

The Electric Employe's Excursion to Rome City.

Likewise all the Excursions Yesterday to and From This City—The Bass Works Sell a Big Engine.

Everything passed off smoothly at Rome City Saturday and the excursion and picnic of the electric light employes at that resort will go down in history as one of the most eventful in a social way of all the affairs of that kind ever held there. The athletic sports were fine and greatly enjoyed by the spectators. Although the enforced absence of some of the judges and referees, who had been appointed to those offies, threw the entire work of the day upon Messrs. Duncan, Hadley, Hartman and a few others, it was nevertheless satisfactorily performed. These gentlemen proved equal to the occasion and by dint of extra exertions, succeeded in putting everything on the program through without any of the tedious delays usually encountered in sports of this kind. The results of the various contests were as follows:

Shooting Match—William Wurtle, first; C. A. Knothe, second.

One-Half Mile Boat Race—W. Donahue, first; John Moring, second.

Fat Men's Boat Race (½ Mile)—J. E. Long, first; Charles Jones, second.

One Hundred Yards Swimming Match—Trace W. Bauer, first; David McNaught, second.

Egg Race—Frank Harter, first; Wm. D. Meyer, second.

Boat Race (Double Oar, ½ Mile)—E. A. Bauer and A. J. Hadley, first; D. Donahue and John Moring, second.

100 Yards Dash—Jim Willson, first; William Lagemann, second.

100 Yards Dash (Fat Men)—Chas. Jones, first; William G. Wurtle, second.

Three Legged Race—Moring and Lagemann, first; Smith and Lichtenwalter, second.

100 Yards Dash (Boys Under 18 Years)—Jim Willson, first; L. Lichtenwalter, second.

THE SUNDAY EXCURSIONS.

The Sunday excursion business, which was inaugurated early in the season, has reached enormous proportions, and each excursion seems to be larger than its predecessor.

The one most interesting to Fort Wayne citizens was that of the Lake Erie and Western to this city, which numbered 365 persons.

The greatest excursion of the day, in a numerical way, was that of the Wabash on its Detroit-Chicago line yesterday, which ran in three sections and carried 2,299 persons into the Windy City. These excursionists came from Montpelier and points between that city and Chicago.

The Pennsylvania company was more successful yesterday with its Chicago excursion than a week ago. Its trains took 400 people into that city, ninety-six of them being citizens of this city.

The Nickel Plate also took several hundred people into Chicago, forty of whom were our citizens.

The Wabash yesterday took 375 people into Toledo on its excursion train. Of this number 118 were furnished by Fort Wayne and 138 by Huntington.

There were just 226 tickets sold here yesterday morning for Rome City, notwithstanding the fact that the day previous there was a low rate excursion to that resort.

The Findlay had an excursion into this city yesterday and brought in quite a crowd, the exact number not being known by the writer.

All the excursionists to this point went out to Robison park and were apparently well pleased with the resort.

NEW STYLE ENGINE.

The Bass Foundry and Machine Works last Saturday contracted to build an 126-horse power Corliss engine, of a new upright pattern, for the American Wire Nail company, of Anderson, Ind. This will be the first large upright engine of the Corliss pattern ever built at the Bass works. Work upon its construction will be commenced at once.

QUICK SHIPMENT OF WATERMELONS.

The Lake Shore ushered in the watermelon season last Saturday, when it brought two car loads of them, the first of the season, from Georgia. Agent E. S. Philley says this fruit made the trip from the place of its growth in just forty-three hours and twenty-three minutes, breaking all previous records and arriving here in as good condition, apparently, as when it was placed upon the cars away down in Georgia.

BRIEF MENTION.

R. T. McDonald returned from the east last night.

Jacob Hilgeman has gone to Lexington, Ky., to install an electric light plant.

C. C. Miller and Bert Olds, of the Electric works, remained over Sunday at Rome City.

The electric works this morning sent a 70-horse power generator to Youngstown, Ohio.

General Manager L. F. Loree, of the Pennsylvania lines, will be in this city tomorrow.

H. D. Phillips, of the Pittsburg lumber yards, and his family are visiting relatives in Warsaw.

Foreman George A. Szink, of the Pittsburg blacksmith shop, has gone to Pennsylvania to visit relatives.

James Olive, jr., has been made night foreman of the Wabash shops at Peru, assuming his duties today.

The Horton Manufacturing company is now making a patent combination wash tub and child's bath tub.

Tonight Will Gould will leave for City Island, N. Y., where he will assume charge of an electric light plant.

There were a number of horses killed in the Wabash wreck at Williamsport, Ind., last Friday night.

J. N. Dixon, of Peru, engineer, is here with his engine, No. 214, which has been marked for a general overhauling in the shops.

George Wood has returned from Joliet, Ill., where business for the Electric corporation engaged his attention for several days.

Frank Cairnes, of the Pittsburg machine shop, is entitled to the bluegill championship, he having caught 138 in a half day.

Louis Haas, engineer of maintenance of way of the Toledo division of the Pennsylvania system, was in the city on railway business today.

Al Mercer, who had been kept from work for two weeks by sickness in his family, resumed his place in the Bass blacksmith shop this morning.

F. X. Miller, of the Pittsburg blacksmith shop, is now keeping bachelor's hall, his wife having gone into Washington township to visit her parents.

Present indications are that the June statement of the Pennsylvania lines east and west will show quite an improvement over March, April or May statements.

The Pennsylvania announces the opening of the Cresson house, at Cresson, and the placing of observation cars on certain trains between that place and Altoona.

The Cleveland, Chicago, Cincinnati and St. Louis has sold $1,000,000 of bonds for improvements made to the property in the year which ends with June 30, 1897.

Jimmy Willson will tomorrow assume charge of the elevator at the electric works, vice E. C. Campbell, whose health is so poor that he has been compelled to resign.

Huntington News-Democrat: "Ed Slater, a boilermaker, of Fort Wayne, came here Friday and this morning began work at the water works pumping station, repairing the old boilers."

Charles Lincoln resumed his place in the Pittsburg machine shop this morning, after an absence of six weeks. He was visiting boyhood scenes in old England. He left that country just before the queen's jubilee.

Captain R. H. Harrison has returned to the city, after visiting relatives and friends in the northern part of the state. This morning he resumed charge of affairs in the iron machinery department of the Pittsburg car shops.

Low passenger rates for the 4th of July holidays are to be given to a much larger extent than in any former year. There is not a road in this territory which will charge over a one-way rate for a round trip in a distance of 200 miles.

The Wabash engine and yard crews at Andrews go to Huntington every Sunday and do switching at the Chicago and Erie junction and at the lime kilns, thus assisting the local freight crew, which has more work than it can perform.

Wabash Plaindealer: "It is stated that Superintendent Gould, of the Wabash, has notified train men on the main line not to move from Andrews to Peru and that if they disregard the suggestion and subsequently move back that the company will not transport free their household goods."

The Ladies auxiliary of the Brotherhood of Locomotive Engineers will give an excursion to Robison park tomorrow. Bellevue, Lima, Huntington and Garrett will undoubtedly send large delegations. This will be the second annual outing given under the auspices of the ladies of this auxiliary and it promises to be a grand social success.

Superintendent of Telegraph Rhoades, of the Big Four, claims priority for the Big Four in the establishment and use of interlocking switches of any road or system this side of the Alleghenies. In 1880 the Lake Shore and the Bee Line, now the Indianapolis division of the Big Four, laid an interlocking switch at Berea, Ohio, which still stands. It is yet serviceable, as the newer devices have been put in and brought it up to date.

Since the flood, a few months ago, which did the Evansville and Terre Haute road so much damage, the track for 100 feet where the washout was worst has rested on piles seventy-seven feet in length. The trestle is now surrounded with sixty-six feet of water, and the company has let a contract to fill up this washout, the contractor to begin July 1 and to receive $10,000 for the work. The engine which dropped into the hole has been taken out, but the cars have never been raised.

Royal makes the food pure, wholesome and delicious.

ROYAL BAKING POWDER

Absolutely Pure

ROYAL BAKING POWDER CO., NEW YORK.

THE GIRL GOLD DIGGER.

She Is the Pride and the Mystery of the Yukon Camps.

The rush to the Yukon goldfields this spring is greater than even the most optimistic miners looked forward to. Old timers say that the scenes of 1849 in California have been discounted. It is reported that pay dirt has been found in large quantities and fortunes are being made by many.

Romance has also entered into this dominion of Mammon and unrighteousness. It has come in the form of a pretty girl, whom nobody knows, and yet whom every one loves. She is by no means a daughter of the gods, and is neither divinely tall nor most divinely fair, but she is a sturdy

ANNIE GRAVES.

beauty, who works her own claim and who, the gossips have it, is making money. Not only does she work her claim, but on more than one occasion has defended it with revolvers. If there is anything that the miner admires, it is a plucky woman. If there is aught that he really loves, it is a pretty girl who seems not to be aware of his existence. Pleasant, bright, with a cheery word for all and a word of affection for none, this girl of the mines has almost set the diggings by the ears.

No man has the slightest claim on Annie Graves, as she calls herself, and if any man alleged that he did have, it would probably have a tendency to shorten his existence. Miss Annie is in many respects like unto the typical westerner. About the medium height, she is of good figure and carries herself well. Her face is neither oval nor round. As one of the red shirted gentry said, "She's pretty—that's all." There is scarcely a night that in some one of the places where whisky and cards rule there is not a quarrel over this young woman between men who have perhaps never spoken to her. She is the daughter of the diggings, and there is no man there who would not fight for her at the drop of the hat.

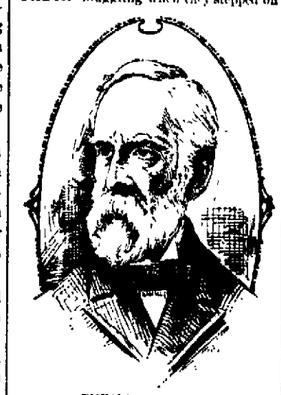

As to her past history she is silent. No one knows whence she came. The most that anybody can say is that she simply appeared here one morning and from that time the diggings' inhabitants have been her slaves. It might be thought a rather dangerous task for a pretty young woman to go about alone and apparently friendless, so far as close friends are concerned, but the man who would say an insulting word to Annie Graves had better turn his thoughts to the next world, for that is the direction in which he is sure to go.

SCRUGGS, SMUGGLER.

Unfortunate Predicament of a Wealthy St. Louis Merchant.

Richard M. Scruggs is a millionaire dry goods merchant of St. Louis. He stands high in the business and social world, and his active interest in church work has made him loved and respected in religious circles. He is a Sunday school superintendent and the most liberal patron of the fashionable Cook Avenue church. In short, Mr. Scruggs is regarded as an exemplary citizen of the town in which he lives.

Imagine, then, the horror and consternation of this good man's friends when the news was telegraphed to St. Louis that Mr. Scruggs and his secretary, Mr. Langhorne, had been arrested in New York for smuggling when they stepped off

RICHARD M. SCRUGGS.

the steamer St. Paul, on which they had just arrived from Europe. The report proved true, and, worst of all, the evidence of their guilt was found upon them.

When the inspectors searched Langhorne, they found a belt containing diamonds, jewelry and watches. Similar articles were found in Mr. Scruggs' pockets. Valuable lace was also captured. The captured stuff is worth $3,000.

Mr. Scruggs' explanation is that he bought the jewelry for the teachers of the St. Louis Sunday School union, of which he is the president, and that he was told in England that it was not dutiable. Nevertheless he was very careful to conceal the articles upon his person and made a great show of indignation when the inspectors insisted on searching him.

The two men were arrested and a prominent New York merchant gave bail for their appearance before the federal grand jury.

A LIFE SAVER'S REWARD.

Man Who Has Saved Twenty-seven Lives Gets a Medal From Congress.

A young man who has won fame upon the great lakes as a saver of human life, and to whom congress has just awarded a medal for distinguished bravery, is Daniel E. Lynn of Port Huron, Mich.

During Lynn's early days he could always be found along the docks, and he soon turned out to be one of the best swimmers on the river. He had many chances to show his courage and skill in saving life. The last ten years he has been a marine reporter at Port Huron.

Mr. Lynn has saved just 27 lives, one for every year of his age. He is finally to

DANIEL E. LYNN.

receive a medal for heroic service, but it was not for actual life saving in this case, but for particularly gallant but unsuccessful attempt to save life. When the schooner William Shupe went ashore above Fort Gratiot light during the great storm of May, 1894, young Lynn was on the tug Thompson looking after marine news, and this tug towed the volunteer life saving crew out to the wreck. At the critical moment one of the volunteers refused to go into the yawl, saying that nothing could be done to save the crew in such a storm with an open yawl. Lynn showed the stuff that he is made of by walking up to Captain Cox of the tug, saying that he would take this volunteer's place. The boat was pulled up to the tug and Lynn was the first one to jump into the boat. "Come along, you fellows," he said, "there is no one living that can say that the Lynns are not game." The volunteer crew pulled to the wrecked vessel, and was about to take the men off when three large seas filled the boat and she rolled over. They all tried to get back to the boat, but the sea was so high they could do nothing but endeavor to reach the shore, about three-quarters of a mile away. Lynn was the only one to reach the shore alive. He came in about one mile below the wreck. The United States signal office at Port Huron registered a wind velocity of 57 miles an hour in that gale just about the time that the volunteer crew set out. After the four volunteers lost their lives a special train went after the government life savers at Sand Beach and they arrived later in the afternoon and took the crew off.

So Mr. Lynn did not succeed in saving a life in this case. But the heroism of his attempt none the less appealed to every one who heard of it, and citizens of Port Huron made a request for an adequate recognition of his gallantry by the government. The medal is being made at the Philadelphia mint.

TRAIN ROBBER A JUROR.

While Serving In That Capacity He Divided the Spoils With a Pal.

"I think it was the first Monday after Christmas—12 days after the robbery—that Kennedy came to Kansas City to get the $585 from me to divide it up among the men."

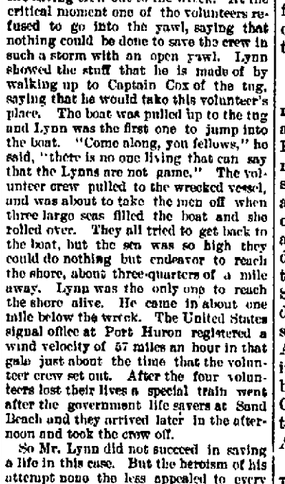

"Where did he find you?"

"I was serving on a jury in the circuit court."

"Did you give the money to him?"

"Yes. He waited in the courtroom until court adjourned for the day, and then I took him into a side room and gave him the money."

Thus testified James Flynn in the criminal court at Kansas City in the case of

JAMES FLYNN.

the state against John F. Kennedy, charged with train robbery. Flynn turned state's evidence and confessed that he and Kennedy, with two others, held up the express train in Blue Cut, Mo., on the night of Dec. 23 last.

The testimony of Flynn attracted considerable attention from the fact that while the detectives were hunting him high and low for ten days after the robbery he was serving on a jury in the circuit court in Kansas City.

HIRONS' VEGETONE.

It can be Procured at Your Druggists.

The Effective Vegetable Tonic for Constipation, Indigestion, Malaria, Liver, Kidney, Nerve Troubles, and Headache.

Use Hirons Double Treatment for Catarrh and Hay Fever.

Use Hirons New Asthmand Cough Cure for Asthma, Bronchitis, Pneumonia, Coughs, Colds, Throat and Lung Troubles.

Vegetone is purely vegetable in its composition. It is a reliable and permanent cure for diseases of the liver and kidneys, constipation, chills, malarial fever, loss of appetite, and a sure and effectual cure for headache and dyspepsia.

Vegetone acts by giving tone to the stomach, strengthening the liver and kidneys, and assists these most important organs in throwing off the impurities in the blood. Every person, in the spring of the year, needs a good, safe tonic for the replenishing of the system after a winter of inactivity, and Vegetone will produce the desired effects, being purely vegetable and a mild, pleasant laxative, thus throwing off the bile from the stomach, producing new vigor.

CATARRH.

One of the most troublesome and dangerous diseases known to mankind, can in the large majority of cases, be permanently cured. Many who were victims to that disease have been cured, and many more are being cured. Double treatment for Catarrh does its work effectually; clearing it out of the head, driving it out of the blood, where it exists, and ever will exist, unless the health destroying virus is eradicated from the system. Cure it. For it is not only a constant discomfort, but a perpetual menace to life. Use the New Asthma and Cough Cure as the blood purifier, and the Speedy Catarrh Cure for the nasal treatment for Catarrh, and soon those troublesome and distressing symptoms will disappear. The constant dripping of the mucous into the throat, and the pain in the head will cease. The hearing, sight, smell, and taste will be restored.

HAY FEVER.

Hay Fever, or Hay Asthma as it is often called, is a combination of Bronchial and Nasal affections. The immediate cause and source of irritation being of external origin, attacking individuals during the months of May, June and August. The pollen of hay, dried grasses and rag-weed comes in contact with the nasal and bronchial membranes, involving all the air passages, causing immediate irritation, frequently disabling persons afflicted therewith. The great discomfort and suffering, say nothing of the loss of life caused by this terrible disease, may be avoided by using Hirons' Double Treatment, which is a sure, safe and permanent cure. Commence using the medicine at once, and get your system in condition to resist the effect of these agencies upon the mucous membrane, thereby keeping the tissues in a healthy condition.

ASTHMA.

Asthma is a contraction of the nerves connected with the lungs, and is produced by three causes. First, by sensitive area of mucous membrane. Second, an abnormally sensitive nerve center, and third, by an external iritant. With all three of these factors simultaneously, an attack of Asthma is produced. The disease often arises from Heart trouble, nasal catarrh and dyspepsia. Some of the symptoms, short, quick, difficult breating, wheezing, with spells of coughing and suffocation. Asthma is supposed by some to be incurable, but the use of a few bottles of Hirons' New Asthma and Cough Cure will prove to the contrary.

A Hay-fever Victim Made Happy.

The Hirons Medicine Co., Fort Wayne, Ind.

GENTLEMEN:—I have been afflicted with Hay-Fever in its most malignant form for years. The first attack would appear in June. During August and September My sufferings were intense. Water would run from my eyes and nose, the paroxysm of sneezing were uncontrollable, and I had terrible burning pains in my head. I learned of your Double Treatment for Catarrh and Hay-Fever and procured it at once. After having used three bottles of the remedies I was entirely cured. I heartily endorse your valuable medicine, and advise all Hay-Fever sufferers to give it a trial. (SIGNED.)

ANDREW LULEY, 279 Hanna St., Fort Wayne, Ind.

No. 110 Hanna St

Believes It Saved Her Life.

The Hirons Medicine Co.

GENTLEMEN:—I wish to tell you how thankful we are for the great good your medicine has done for our daughter, Mrs. John Metcalf. We sincerely believe that it saved her life. In November she had a bad case of LaGrippe, it left her with an awful cough. Our family physician informed her husband that she was threatened with consumption. We knew not what course to pursue, until one day when Mrs. Metcalf was reading your advertisement in the WEEKLY SENTINEL she resolved to try a bottle of your new Asthma and Cough Cure. After using the remedy for a short time she was able to sit up in bed. In two weeks she was up and around. Her cough ceased, and now she is entirely cured, and advises all who have lung or throat trouble to give your medicine a trial.

Yours Truly,
SAMUEL DISLER.
CEDARVILLE P. O., Ind.

Price of all Hirons' remedies $1.00 per bottle. Six bottles for $5.00.

Around Yellowstone Park.

"A climb up Electric Peak; a ride over Mount Everts; a trip to Yancey's; paddling about Yellowstone Lake; camping out down at Two Ocean Pass; a ride into the Hoodoo country; an excursion down the Madison to Riverside—all these can be made from some one of the hotels as a rendezvous, and take my word for it you will be surprised at the results.

"Make up a party of congenial spirits for vacation time in 1897 and go out to Yellowstone Park and see how much of its 3,344 square miles can be seen before you return. Spend the heated summer season at hotels where the temperature and altitude will allow genuine comfort and recreation."

The above is from a description of Yellowstone Park in "Wonderland '97." This book will be sent to any address by Chas. S. Fee, General Pass. Agent, Northern Pacific Railway, St. Paul, Minn., upon receipt of six cents. june17-tf

Spiritual Medium.

Who has given such wonderful satisfaction in New York, Chicago, Boston, Sandusky, Mansfield, and many other places visited, has now arrived in our city, and may be consulted ON ALL affairs in life. She is honest and truthful in all dealings. This may be verified by many prominent citizens. Your future she will read like an open book; can advise you on money matters and against losses. All in trouble call and be convinced of her power. To know the future is success. All communications confidential. Will be in this city for a short time only. Hours 9 a. m. to 9 p. m.; Sundays, 10 a. m. to 1 p. m. She came here from Canton, Lima and Akron Ohio, where she has been for the past six months and where she met with wonderful success.

CALL AT 55 EAST WAYNE STREET.

At the Grand Canyon of the Yellowstone.

"Where the road turns to the left at Grand View, walk out over the salient of rock at the angle itself, sit down on the farthest chimney shaft, over rocks naturally white, but now blackened by weathering. If possible, go there in the morning or in the latter part of the afternoon. At noontime the light is too strong, and the details of the canyon are smothered, and the individuality of the walls killed. But with a soft morning or afternoon light every detail of one or the other of the walls leaps out from the general mass as if instinct with life. And what a wonderful sea it is that lies beneath and beyond us. A painted sea, not of water but of rock. And such painting! Try to distinguish the decided colors and their infinite variations. The most wonderful part of it is the rare blending, where one fades into another, and yet thou canst detect neither the beginning nor the ending."

The above is taken from "Wonderland 97," a new tourist book that tells all about Yellowstone Park.

Send to Chas. S. Fee, Gen'l. Pass. Agent, Northern Pacific Railway, St. Paul, Minn., six cents and get "Wonderland 97." 17tf

The Weather.

WASHINGTON, June 28.—For Indiana: Partly cloudy, with warmer and local showers tonight and Tuesday; fresh to brisk southeast winds.

NEWS NOTES.

Miss Eva Rossell is the guest of friends in Kendallville.

Miss Maud Sessions is visiting her aunt, Mrs. J. P. Whitcher.

Miss Luella Ash leaves for Pittsburg this week to visit friends.

Miss Katie Hall, of Peru, is visiting in Fort Wayne for ten days with friends.

Mrs. Alta Phillips, of this city, is visiting at the home of George Porter, in Wabash.

Born, to Mr. and Mrs. Zobel, of Chicago—a daughter. Miss Zobel will be remembered as Miss Cummerow.

Miss Gertie Stair, of Lafayette street, left on Saturday night as companion to Miss Hamilton on a summer tour.

Miss Haidee Tyler entertained a small company of guests at her home Saturday evening in compliment to visiting young ladies and gentlemen in the city.

The Botteron band, from near Chamberlain, will furnish music in the grove at Zion's Luthern school next Monday, the occasion being a picnic given by the congregation.

Mrs. John Rabus, of West Third street, has gone to Logansport and from there will go to Lafayette to visit her sister. She expects to be absent from home three or four weeks.

Misses Lizzie and Jennie McFerran left yesterday for Toledo, Cleveland and Detroit to spend a month. They will spend most of their time in Cleveland the guests of their sister, Mrs. S. S. Davis.

Miss Florence Dalman, of 368 South Fairfield avenue, left this morning for Chicago, where she will join Miss Lotta Rich, who is visiting at Chicago, for a trip to San Francisco, Cala., to be gone a month.

William McCaffrey, of Holton avenue, is quite ill.

R. T. McDonald arrived from New York city last night.

Mrs Robt. Clark, of Indianapolis, is visiting friends in the city.

John Carley, of Marion, Ohio, is the guest of Mrs. M. F. Green.

Mr and Mrs. W. E. Dartnell have returned from their wedding trip.

Sol D. Bayless lodge F. and A. M. will work in the second degree tonight.

Miss Ruth Garrett, of Huntington, is visiting with Hazel Drummond.

Mrs. W. K Pardee passed through this city Saturday on her way to Chicago.

Miss Allie Burns, of Chicago, is visiting her mother, Mrs. N. Burns, of 17 Gay street.

F. L. Studebaker, of Bluffton, was in Fort Wayne yesterday, a guest of the New Aveline.

Hon. R. C. Bell will go to Ligonier tomorrow on legal business to be absent a day or two.

Mr. and Mrs. Will Skelton spent Sunday in Toledo, the guests of Mr. and Mrs. A. W. Payne.

Mrs. George Waldschmidt returned last evening from an outing spent with friends near LaOtto.

Peru Journal: "J. F. Butt, of Fort Wayne, is visiting his parents, Mr. and Mrs. Wm. Butt, east of the city."

Attorney Will C. Ryan has been at Montpelier to visit his brother, Attorney Charles Ryan, who has been seriously ill.

Evansville Courier: "Dr. C. E. Pittman leaves Sunday for Fort Wayne, Ind., to attend the state dental association."

Miss Grace Smith, daughter of Mr. and Mrs. James Smith, of West Berry street, returned Saturday from a visit in Chicago.

Miss Edna Reuss will give a bicycle party this week in honor of Miss Connie Gray, who is to be the guest of Miss Madeline Meegan.

Mrs. Will Noble and Miss Lizzie Chapin leave for an extended western trip on Tuesday. They will visit points in Colorado and California.

G. B. Keck, formerly with the Home Telephone company, has accepted a position with the Cleveland Telephone company, in the capacity of district inspector.

Wabash Tribune: "Mrs. Will McClure went to Fort Wayne Saturday, and will be the guest of relatives for several days.—John McCanney, of Fort Wayne, was in the city Saturday on important business."

Mr. and Mrs. Maurice Carroll, who were married last week at Indianapolis, and are spending a part of their honeymoon with Mr. Carroll's parents, in this city, leave this evening for their future home, Bucyrus, Ohio.

Last Saturday evening the Clover Leaf Temperance club gave a surprise party at the home of Elwood Craig, No. 27 Boon street, in honor of his nineteenth birthday. At 11 o'clock light refreshments were served, and all had an enjoyable time. Mr. Craig is president of the club.

Columbia City Post: "Mrs. Chas. Philips, of Fort Wayne, is the gust of her sister, Mrs. Grant Souder.—Mr. Jackson, of Fort Wayne, is visiting his brothers in Washington township, this county. Although almost eighty-five years of age, Mr. Jackson is quite lively.—Fred Gumper, of Fort Wayne, is visiting friends in this city.—Mr. Miller, of Fort Wayne, arrived in the city Saturday, to visit friends."

Tuesday evening, at the home of Frank C. Cratsley, Lakeside, will occur the marriage of Mr. Cratsley's niece, Miss Fannie C. Lowry, to Prof. Harry O. Wise. The bride elect is handsome and accomplished and a very decided society favorite. Prof. Wise is well known as one of the High school faculty and has ventured upon literary seas with success. His parents, Mr. and Mrs. Platt J. Wise, are among the oldest and most esteemed of Fort Wayne's citizens.

The fair given by the congregation of St. Patrick's church was successful in every way, and the net profits are in the neighborhood of $1,000. The attendance on the closing night was very large. Miss Mary Roach, of Huntington, won the first and third prizes. The contest for a boy's bicycle was won by Master John Beiger, the vote standing as follows: John Belger, 276½ votes; Edward Weer, 136; Frank Markey, 164½; Stephen Welch, 30; George Ryan, 229. Miss Loretta Deagan won the doll in the girl's contest.

Huntington Herald: "John Magers, of Fort Wayne, came into the city this morning, carrying a wrecked bicycle. He was on his way west to make a visit and intended to make the trip on his wheel. Before reaching this city he met a farmer driving a span of colts which scared at the bicycle and there was a wreck, in which the front wheel of the bike was demolished. John was determined not to give up the journey, so he boarded the west-bound train and took with him his shapeless bicycle.—H. S. Wells, of Fort Wayne, deputy grand regent of the Royal Arcanum, was a visitor in the city yesterday and to day."

Ben Hurr lodge No. 96, will elect officers tonight.

Mrs. Geeke will entertain the Ladies' Aid society of Lakeside at her home tomorrow night.

There will be a meeting of Home lodge, No 343, F. and A. M., Tuesday evening, June 29. Work in second degree.

The striking bakers will be given a benefit ice cream social tomorrow evening by the Trades and Labor council, on Calhoun street, near Williams street. The proceeds will be given to the strikers. The First Regiment band will donate the music for the occasion, and, if the weather is fine, a large crowd will be in attendance, many tickets having been sold.

WORK HORSES TO LET.

Many Hired Daily—Men Who Hire Them and Why They Do It.

A man who had seen at one time and another here and there in town a sign like this, "Good Work Horses to Let," and had a vague idea that the few work horses that were let must be hired by men who were not able to buy a horse, found upon inquiry that his ideas on this subject were very inadequate. It is of course possible that a work horse might be hired by a man not able to buy one, but it would quite as likely be hired by a man or a firm that could afford to buy 1,000 horses if it were desirable to do so. As a matter of fact, work horses are hired by a great variety of men.

There are stable owners who make a business of letting work horses, and work horses are sometimes let by other large business concerns employing many horses which might not all be fully employed the year round; so might be the case, for example, with the horses of an ice company or a street sprinkling concern or other enterprise using many horses whose business runs more or less in seasons. It does not by any means follow that because a man hires a work horse he must take a poor one if he could get a good one, and he usually can get a good horse. Many of the work horses that are let are of the very best grade, fine draft horses that are well cared for and are in perfect condition. Work horses are let mostly to truckmen, but they are also let to many other users of horses.

At one establishment where work horses are let no horse is ever let to go out of the city. Most stables have customers who come to them when they want a horse and are known. The stranger is asked for a reference. The superintendents of stables where work horses are let have a wide acquaintance among truckmen; they know personally many of them, and the stranger is likely to be able to refer to somebody who is known. A man who has been for years in charge of a large stable which lets work horses in this manner said that he had never lost a horse.

Horses generally are better treated now than they formerly were, owing to the stringent enforcement of the laws against cruelty to animals and to greater consideration on the part of drivers. Of course there have always been men who treated horses kindly; there are more than ever of them now. No establishment owning work horses which it lets will ever let twice to a man who ill treated a horse.

Horses are cheaper than they used to be, and the price of hiring a work horse is less. Formerly $2 a day was charged for the hire of a work horse; now a good work horse can be hired for $1.50 a day, and the owner gives with the horse when it goes out a suitable noonday feed. A man who knows about these things say that, taking them altogether, there are thousands of work horses hired in this city daily.—New York Sun.

A Child's Tribute.

Mr. Edward Terry tells of a pretty incident which occurred during his Australian tour.

"Do you know what I consider the most glowing tribute I ever received? The compliment came from a child. There was a crowded house, an intent audience, and humor had, for the instant, given place to pathos. You might have heard a pin drop, and I felt the tension of the house was at breaking point. The intense silence was broken by a childish voice—a girl's—who, turning to her parent, asked in a broken voice, 'Mother, is it real?'"—Strand Magazine.

Card of Thanks.

We desire in this manner to thank our neighbors and friends for their kind assistance during the sickness and death of our sister, Elizabeth Traut; also to Father Oechtering, who officiated.

BROTHERS AND SISTERS.

European School of Music
Will remain open during the summer. New terms for piano lessons from July 1st, 2 lessons a week, $10; 1 lesson, $6 per month.

A VARIEGATED CURRENCY.

Bills of Various Colors Would Help Money Changers and Discourage Counterfeiters.

It is entirely possible that in the near future our paper currency may undergo a decided change in color. For a number of many years now we have been struggling along with a circulating medium of a greenish tint, relieved only by the various tones in bills of higher denominations. But now Secretary of the Treasury Gage is considering a suggestion to issue bills in all colors, having a different tint for each denomination. Just how soon this variegated currency is liable to meet our startled vision is not known. In fact, the plan may not be adopted at all, but it is meeting with favorable mention in many quarters, and a number of prominent men have indorsed it.

The scheme was originated by H. W. Marcus, a merchant of Plean, N. Y. He proposes that the next issue of paper currency be made on colored paper and suggests that there shall be a marked contrast in the bills of smaller denomination, such

H. W. MARCUS

as blue, $1 bills; red, $2 bills; green, $5 bills, and so on. For the bills of higher denomination more delicate shades of color could be used.

Mr. Marcus does not recommend his scheme on artistic grounds. It is wholly utilitarian and is meant to facilitate business and put another obstacle in the path of the counterfeiter. It can readily be seen that even the most careless man could hardly mistake a bright red $2 bill for a blue $1 bill, and the swindler who tried to raise a green $5 note to an old rose tinted $50 would find now and discouraging difficulties in his profession. With this system in vogue it would be much easier to count bank notes in piles without making a mistake, for a bill in the wrong pile could be detected at a glance.

Secretary Gage, to whom Mr. Marcus submitted his plan, has written the merchant, thanking him for the suggestion and stating that his plan has been referred to the director of the bureau of engraving and printing. Since the scheme has been made public Mr. Marcus has received letters from many prominent merchants and business men, among them John Wanamaker, indorsing his plan for colored currency. Mr. Wanamaker alludes to the fact that postage stamps are issued in various colors for different denominations, and indicates that he sees no reason why bank bills should not be similarly colored.

JUSTICE BRADLEY.

He Presided In the Searles and Havemeyer Trials.

Whenever a case which excites national comment is tried in any of the higher courts, the presiding judge is almost sure to be widely criticised, no matter what his rulings may be. But few judges have had more extensive experience in bearing public criticism, however, than Justice Bradley, whose decisions recently set free the Sugar trust magnates. For eight years he has been a justice of the supreme court of the District of Columbia, and during that time more of his decisions have been reversed by the higher courts than of any of his associates.

One of his rulings which was recently overturned was in the case of a colored man named Gray, who killed a man last August. Justice Bradley held that, since the crime was committed prior to the passage of an act of congress for the District which reduced the number of crimes punishable by death and graduated the degrees of murder, the jury could not convict the man, there being, according to the justice, no law to cover the crime of murder at that date. The court of appeals denounced this decision as unreasonable.

Another of Justice Bradley's decisions which caused much comment was given in the case of a treasury clerk who had been arbitrarily removed by Secretary Carlisle. The clerk asked for a writ of mandamus

JUSTICE BRADLEY.

for reinstatement, but Justice Bradley refused on the ground that no reason need be given or cause shown for the removal of an executive officer of the government except that expressed in the formula "demanded by the interests of the service." This ruling, if upheld, would sweep away the whole elaborate fabric of the civil service system.

Justice Bradley is one of the most aristocratic members of the American bench. In court he preserves a very dignified bearing and assumes an air of scholarly reserve. He insists upon the strictest decorum in the courtroom and often reprimands spectators for the slightest of noises. He is not popular among lawyers, who do not like his habit of rendering decisions offhand.

The justice is about 50 years old. He comes of an old and aristocratic Washington family. His father was a judge before him, and he himself had gained some little distinction as a lawyer before President Harrison appointed him to the bench. Justice Bradley's salary is only $4,000 a year, but he lives in good style and seems to be in easy financial circumstances.

Two Little Bunches of "Lilacs."

Sweetest bunch of lilacs I will pick for you,
Wonder if you love me, if your heart is true.
Give to me a promise; surely you'll do this;
Tell me that you love me; answer with a kiss.
—New York Sunday World.

"You know Boggins, the prize fighter, don't you?"

"Some."

"What sort of a fighter is he—kinetoscope or phonograph?"—Indianapolis Journal.

Office Tables.
Office Chairs.
Office Desks.
Office Furniture.

All the best makes, handsomest goods, largest assortment, lowest prices.

Good workmen deserve good tools. There is something incongruous, where a good lawyer, or doctor, or a wide awake broker or real estate man is found in a slubbily furnished office. Let us put a carpet or a Linoleum on the floor and furnish you with a new desk and with office chairs.

Nothing succeeds like success, which is only another way of saying, people naturally give their patronage to those who are the most prosperous. Therefore, slick up that office of yours.

Foster Furniture Co.

SAM, PETE & MAX.

A HOT 4th.

Are you prepared for it so that you can enjoy the day. If you have not secured one of our light weight Summer Suits you are not. Besides Crashes, Serges, Linens and everything else which contributes to the comfort of sweltering humaninity, we have a line of Suits

For $5.00.
For $7.50.
For $10.00,

which are attracting the attention of close buyers, daily. Everybody can quote our prices, but they cannot "quote" the Suits. If you couldn't do better here than you can anywhere else, we wouldn't be spending money, saying you could in these "ads," we would keep still about it.

Children's Department

Is showing lots of seasonable stuff for the little fellows. Hot Boys are cross Boys generally. Dress them in our Boys' Wash Suits, and they cease to be hot and hence cease to be cross. Nothing changes a Boys disposition so quick as one of our Cool Summer Suits.

Men's Furnishings.

Lots of Negligee Shirts here, soft, light, airy, cool, stylish. If you want anything else, mention it when you buy the Shirt, and we will put it in.
